Transcending Usury, Ownership and Patterns of Non-Love

ASCENDING INTO HARMONIOUS GENEALOGIES	
<p>1. Out of the 144 lineages (or 288 for those mastering beyond 3,800 segments), what percentage of inheritances are useful for ascension into harmonious, unity based magnetic DNA?</p> <p>% Useful for Ascension _____</p>	<p><i>I intend to ascend only into harmonious, unity based magnetic DNA from my Red Nation Ancestry.</i></p> <p><i>I intend to release the karma in other inheritances that are non-supportive of unity and harmony in the dance of life.</i></p> <p><i>I intend to seal all lineages that are disunity based as the karma is released so that future ascending generations also do not ascend into disharmonious DNA.</i></p> <p><i>I intend to release all karma in my tapestry of ancestry for how disharmonious DNA became blended with resonant DNA causing dissonance in the dance of life.</i></p>
<p>2. What time periods do I have ancestors who lived in harmony, unity and peace?</p> <p>Era of the Grand Masters? _____</p> <p>Era of the Anu? _____</p> <p>Era of the Pharaohs? _____</p> <p>Era of Atlantis? _____</p>	<p><i>I intend to bring forward those ancestors who understood unity, equality, peace and joy in the dance of life.</i></p> <p><i>I intend to request that these ancestors teach me about the energy flow of unity and peace.</i></p> <p><i>I intend to ascend into an energy flow that is founded upon unity and peace in this lifetime.</i></p> <p><i>I intend to draw others to my dance of life that share ancestors that experienced unity and joy together when they were alive.</i></p> <p><i>I intend to co-create ascending friends or communities founded upon unity, honor, peace and joy in this lifetime and in my future ascending ancestors' lifetimes.</i></p>

OWNERSHIP AND THE KUMARA BASED PLANES

1. Given my inheritance, what Kumara based planes do I tend to have ownership signatures associated with?
(Generally you have ownership associated with two of the planes more extensively than any others.)

I intend to erase all ownership signatures embedded in my etheric grid work each week and month of my ascension ahead.

I intend to burn the cords of attachment associated between myself and other persons, places or objects from end to end during my meditation or time of exercise.

I intend to transcend the planes of extreme polarity to the degree I can this lifetime, and conclude with the dance of ownership and the attachment that are caused.

2. What of the above Language of Light Dual Tones have I mastered in my ascension to date?

The second section of Dual Tones is presented above for your assessment and focus. These particular dual tones (#71-#80) are useful in the transcendence of ownership and possession based patterns.

Dual Tones are mastered by demonstrating the combined tones and colors in one's chakra and subtle body energy flow.

The above Dual Tones are useful in erasing and releasing the ownership signatures in the etheric body along with the associated attachments, programming and mechanized thoughtform.

I intend to embody each dual tone in the Language of Light fully and completely.

*What minerals or herbs would be useful in supporting my mastery of the next level of the dual tone concepts of the Language of Light? (Note: Please use the herb list from the Language of Light Single Tone list in Chapter 1 worksheets in **Workbook 2.**)*

RELEASING THE BOOK OF DEATH

<p>1. What percentage of my DNA hosts hidden destructive language?</p> <p>% DNA _____</p>	<p><i>I intend to erase all hidden destructive languages behind the DNA I have embodied, and am to embody into the future.</i></p> <p><i>I intend to forgive my ancestors for embracing hidden destructive patterns.</i></p> <p><i>I intend to forgive the false tao for polarizing one creation into destruction and another into life extension through the use of such languages.</i></p>
<p>2. How many ancestors in my inheritance have been affected by the Book of Death, receiving scripts for destruction?</p> <p># Ancestors in the Era of the Anu? _____</p> <p># Ancestors in the Era of the Pharaohs? _____</p> <p># Ancestors in the Era of Atlantis? _____</p>	<p><i>I intend to forgive all my ancestors who lived their life founded upon a script for destruction due to the book of death that has prevailed over humanity upon Earth.</i></p> <p><i>I intend to release and erase the book of death and replace it with the book of ascension.</i></p> <p><i>I intend to erase all scripts that do not serve my evolutionary journey Home in this lifetime.</i></p> <p><i>I intend to integrate new scripts for the best possible gentle ascending dream ahead.</i></p> <p><i>I intend to replace my holographic archives with new archives that support the book of ascension.</i></p>
<p>NOTES</p>	

RELEASING ATTACHMENT AND OWNERSHIP

1. Have I released 100% of the positive ley line attachment that connects my etheric body to other persons, places, objects, pets, plants, land or other possessions that I should have in my ascent to date?

% Attachment failed to be released _____

Following this intention, it would be good to utilize one of the meditation recordings from our website to spin up the field and use the kundalini energy flow to burn the attachments from end to end like a fuse.

I intend to release and erase the positive ley line attachment that interconnects my etheric body to other persons, places, objects, pets, plants, land or other possessions to the vibration I have attained in my ascent to date.

I forgive those ancestors who are related to the slave nation that the Anu bred for being so holographically incomplete that they could not exist without intertwining with one another through attachment.

I forgive those ancestors that chose to breed a slave race that is less than whole enough to ascend.

I intend to erase the ownership signatures in the etheric grid work underlying each cord of attachment.

I intend to anchor another pattern of Figure-8 and Triple Lotus flow that causes my field to wrap around others rather than interconnect through cords of attachment.

I intend to reweave the space without into the etheric grid work where it belongs so that the physical body may continue to rise in vibration and ascend.

2. Have I released 100% of the space between attachment that connects me to other persons, places, objects, pets, plants, land or other possessions that I should have in my ascent to date?

% Space between attachment failed to be released _____

I intend to release the karma with the nonphysical for stripping the red nations' peoples of their love such that they needed to strip Terra of love to survive.

I intend to forgive my red nations' ancestors for inflating the space between in their attempted ascensions long ago creating space between attachments.

I intend to forgive the Grand Master ancestors for attempting to ascend genealogies that they did not fully understand leading to distortion.

I intend to release all my space between attachments and recast this region of domain to the degree I can in each level of ascension ahead.

RELEASING PROGRAM LOOPS AND MECHANICAL THOUGHTFORM OF OWNERSHIP

<p>1. How many program loops of mechanical thoughtform are associated with the space without attachment I am releasing at this time in my ascension to date?</p> <p># Program Loops _____</p> <p><i>If need be go back to Chapter 3 Worksheets and work with the section on Mechanical Program Loops to release each that has surfaced at this time to be cleared. (Please see Page 13 in Chapter 3 Worksheets).</i></p>	<p><i>I intend to release all mechanical loops of programming related to the ownership signatures and attachment releasing at this time in my etheric body level grid work.</i></p> <p><i>I intend to forgive those in my current life who programmed me through the ownership inherent in my genealogy.</i></p> <p><i>I forgive myself for programming others in the unconscious through the ownership inherent in their biology.</i></p> <p><i>I intend to transcend the dance of programming and ownership in this lifetime.</i></p> <p><i>I forgive those ancestors who participated in the game of programming and ownership at the time that they were incarnate.</i></p> <p><i>I forgive the Anu for creating a slave race that they owned and a slave civilization founded upon ownership that repeated in many time periods thereafter.</i></p> <p><i>I forgive those ancestors who participated in the dance of ownership and programming in the era of the Anu, or the era of Atlantis.</i></p>
<p>2. How many program loops of mechanical thoughtform are associated with the space between attachment I am releasing at this time in my ascension to date?</p> <p># Program Loops _____</p>	<p><i>I intend to forgive all red nations' ancestors who fell into space between attachment with one another and the land in order to ascend as a collective.</i></p> <p><i>I intend to cease to attach via the space between.</i></p> <p><i>I intend to embody the Figure-8 and Triple Lotus patterning in the space between of the field as well as the space without.</i></p> <p><i>I intend to release all mechanical program loops and thoughtform associated with my space between attachments.</i></p> <p><i>I forgive my red nations' ancestry for participating in ownership through the space between.</i></p>

PROPERTY AND POSSESSION OWNERSHIP

<p>1. How many pieces of property have I lived upon or worked upon have I laid ownership signatures upon in this lifetime?</p> <p># Properties _____</p>	<p><i>I intend to forgive those ancestors who "owned" the land causing the movement of chi to become stuck or cease to move in the grids of Earth.</i></p> <p><i>I intend to erase all ownership from the land that I have lived upon or worked upon this lifetime.</i></p> <p><i>I intend to erase all ownership from the land that my ancestors laid upon it so that all energies may freely move and the land can ascend.</i></p> <p><i>I intend to erase the ownership signatures of others surrounding where I work, travel or live for as far as my field can reach to assist in the ascent of Earth.</i></p>
<p>2. What other possessions do I continue to own and attach into and therefore lose energy through required to ascend?</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>	<p><i>I intend to erase all ownership signatures on all possessions that I currently live with.</i></p> <p><i>I intend to erase all ownerships signatures upon all possessions that I have given away or sold or passed on over time.</i></p> <p><i>I forgive my ancestors for placing ownership upon all possessions that they held in their given lifetimes.</i></p> <p><i>I intend to erase the ownership upon any remaining possessions that my ancestors lived with that are still present upon Earth, perhaps in a museum or in an antique store.</i></p> <p><i>I intend to gather up my chi from all possessions that I formerly owned.</i></p> <p><i>I intend to gather up my chi from all possessions that my ancestors owned.</i></p>

I intend to forgive the master slave dance in my ancestry.

I forgive all ancestors who played the role of slave, and each that played the role of master.

I intend to cease to bend my will to another in this lifetime.

I intend to retrieve all power to stand in my own truth and weave my own dream, and live to experience what I have intended.

Polynesian Grounding

1. Have I embodied a magnetic form of grounding from my Polynesian Root Race?
